

Bryan W. Becker

Seattle, Washington | 206-841-0285 | Bryan.W.Becker@live.com

[GitHub](#) | [Portfolio](#)

Web developer able to build sophisticated web applications with full database backend all the way from mockup to rollout. I value collaboration, integrity and professional development.

TECHNICAL SKILLS

- HTML
- CSS
- JavaScript
- jQuery
- Bootstrap
- React Native
- React
- Redux
- Node.js
- Express
- RESTful APIs
- Firebase
- MongoDB
- AJAX
- Git

PROJECTS

Mobile App Developer, [NexGen Calculations](#)

- Created an aircraft performance-based application for the Cessna 172 Skyhawk
- Utilized React Native, Redux, Firebase, and Axios

Front End Developer, [RD-Stats-Master](#)

- Collaborated on a full stack Roller Derby stats tracking application
- Used Handlebars.js, jQuery, and Particle.js for an appealing and usable front end

Front End Developer, [BrewMe](#)

- Collaborated on an application that allows users to look and vote for the tastiest local breweries in the Phoenix area
- Designed a dynamic front-end using Bootstrap, jQuery, and CSS3

Front End Developer, [Train Schedule](#)

- Provides up-to-date information about various trains, namely their arrival times and how many minutes remain until they arrive at their station.
- Firebase is used to host arrival and departure information while Moment.js manipulates the data
